

Continue to meet in confidence

At alert level 2 Claudelands remains open and ready to host business events of up to 100 people, with the following steps in place to ensure you can continue to meet in the safest and smartest way possible.

Maximising on space

We're able to make the most of our large venue and green space, enabling multiple events without crossover in areas like car parks and restrooms, and easy flow from meeting rooms to outdoor areas

Contact tracing

Our venue has tools in place for quick, easy and robust contact tracing for all people on site, including for your events

Room layouts

We have determined a selection of optimal room configurations to ensure the required spacing between attendees and unobstructed flow through and between spaces

Technology options

We have worked closely with audio-visual specialists Vidcom to provide technology options enabling online video-conferencing capability at your event

Intensive cleaning

Increased frequency and intensity of venue and equipment cleaning is now our new normal, and additional hand sanitiser and tissue stations are positioned throughout the venue

Hygiene messaging

We are displaying Ministry of Health and venue-specific messaging throughout the venue to remind everyone who comes on site of the importance of personal health and hygiene

The wellbeing of you, your guests and our staff is our number one priority. Therefore, we are committed to the Covid Code, a voluntary code aimed specifically at the events sector to reduce COVID-19 related risks, and will continue to remain vigilant to ensure when you meet at Claudelands you can do so in full confidence. If you have any queries, feel free to reach out to us.
